Calmalia®

Last update: 19/04/2026

Helps restoring peace of mind

Calmalia® is formulated using a unique, patented blend of natural ingredients designed to help your dog maintain calmness and better face situations of stress, fear or agitation by promoting behavioral balance.

Calmalia® can also be effectively used to improve sleep quality.

The highly palatable soft chews make administering the product easy, avoiding adding stress to stress.

Give the soft chews to your loyal companion as a daily reward for calmness, especially in cases of:

- predictable stressful events (e.g., travel, fireworks);
- persistent state of stress or irritability.

Species: **Dog**

Packaging and Prices

Product Name	Quantity	Price	Code	Barcode
Calmalia® Small	30 soft chews	23,00 €	cod. 2190	
Calmalia® Medium&Large	30 soft chews	29,00 €	cod. 2191	

Use

The use of Calmalia® is simple and convenient. Administer the soft chews directly into your loyal companion's mouth as a daily treat for calmness, according to the amounts shown in the table indicated in the table.

Body weight (Kg)	Small	Medium/Large
0-5	1 chews/day	-
5-10	2 chews/day	-
10-13	-	1 chews/day
13-18	-	2 chews/day
18-30	-	3 chews/day
>30	-	4 chews/day

- Particularly intense stress: the dosage may be doubled;
- Predictable stressful events (e.g. travel, fireworks): begin administration 3-5 days before and continue for 3-4 weeks. Repeat as needed;
- Persistent state of stress or irritability: the product can safely be used long-term or even life-long.

Properties

PEA-um is the bioavailable, ultramicrosized form of palmitoylethanolamide, an endocannabinoid substance naturally found in animal brains that stimulates the GABAergic system, which is crucial for nervous system relaxation.

L-Tryptophan is an essential amino acid that supports serotonin and melatonin production, improving mood, sleep quality, and reducing stress and fear.

L-Arginine supports nitric oxide production, helping your animal relax and maintain healthy blood circulation.

Passiflora and Chamomile extracts are natural botanicals that help alleviate stress and fear, promoting calmness.

Calmalia® Small

Functional principle	Quantity
PEA-um *	90 mg/chews
L-Tryptophan	90 mg/chews
L-Arginine	60 mg/chews
Passionflower	30 mg/chews
Chamomile	18 mg/chews

Calmalia® Medium/Large

Functional principle	Quantity
PEA-um *	150 mg/chews
L-Tryptophan	150 mg/chews
L-Arginine	100 mg/chews
Passionflower	50 mg/chews
Chamomile	> 30 mg/chews

* Ultra-microsized palmitoylethanolamide, particle size: 96% < 6 micron
