

DATA SHEET

Retopix[®] Mousse

Last update: 25/04/2026

Soothing, sanitising and adsorbent dermatological mousse

For normalising skin areas affected by redness, dandruff (whitish flakes) and/or oily secretions and bad odor.

Retopix[®] Mousse isn't a veterinary drug. It's a dermatological product for dogs and cats.

Species: **Dog • Cat**

Packaging and Prices

Retopix[®] Mousse

150 ml

24,20 €

cod. 2077

Use

Apply to the dry coat two or more times a day for at least ten days. Shake and turn the bottle upside down and dispense the mousse onto the hand or directly on your pet's coat. Apply after parting the fur with fingers or running your hands against the grain and evenly distribute the mousse with gentle massage. Do not rinse. Retopix[®] Mousse can be used alongside with other Adelmidrol-containing products from the Retopix[®] Line (Spray, Fluido, Oto). It is recommended to regularly bathe the pet with Redoderm[®] Shampoo. External use, avoid contact with eyes.

Properties

Adelmidrol, an aliamide congener of palmitoylethanolamide, is able to maintain an appropriate dermal function through a soothing and anti-redness action. The sanitising complex - consisting of **Echinacea** extract, **undecylenic acid** and **octopirox** - helps to maintain the balance of the skin surface microflora. The **tapioca starch** protects the skin from excessive moisture and helps to remove excess oil and dandruff (adsorbing action).

Functional principle

Adelmidrol (2%)

Echinacea purpurea

Undecylenic acid

Octopirox

Tapioca starch

Ingredients

Aqua, alcohol denat, echinacea purpurea extract, tapioca starch, butane, isobutane, propane, adelmidrol (INN), polyquaternium-4, phenoxyethanol, cetareth-60 myristyl glycol, cocamidopropyl betaine, soytrimonium chloride, magnesium stearate, peg-12 dimethicone, propylene glycol, polymethylsilsesquioxane, piroctone olamine, undecylenic acid, citric acid, ethylhexylglycerin.

Precautions

Keep out of reach of children.

For animal use only.

External use only.

Suitable for sensitive skin. If any allergic reaction or skin irritation occurs, discontinue use.

Avoid contact with eyes.

Do not apply on open wounds. Do not use in case of known sensitivity to any ingredient.

Close tightly after use. Store at room temperature, away from direct sunlight.
