

DATA SHEET

Oleea®

Last update: 19/06/2026

For the health of overweight dogs and cats

Oleea® helps to maintain the homeostasis of the adipose tissue of dogs and cats by supporting the endocannabinoid system. To be administered in the context of a well-balanced diet and regular physical activity.

Oleea® isn't a veterinary drug. It's a complementary feed for dogs and cats.

Species: **Dog • Cat**

Packaging and Prices

Oleea® Liquid	60 ml	27,90 €	cod. 2094	
Oleea® Caps	60 caps	36,90 €	cod. 2093	

Use

To be preferably administered 30 to 60 minutes before a meal.

OLEEA® LIQUID: Shake well before inserting the tip of the syringe into the hole of the adapter. Turn the bottle upside down and withdraw the appropriate daily amount, as indicated in the table. Place the content of the syringe directly into your pet's mouth.

OLEEA® CAPS: Use the scissors to cut the capsule and squeeze the contents into the animal's mouth. Alternatively, the skittle capsules can be swallowed whole.

Body weight (Kg)	ml/ day	caps / day
5-9	0,5	-
10-14	1	-
15-19	1,5	-
20-34	-	1
35-52	-	2
>52	-	3

Properties

Olaliamid® is a patented derivative of olive oil, consisting of a mixture of acylethanolamides, in particular OEA (oleoylethanolamide), PEA (palmitoylethanolamide) and LEA (linoleoylethanolamide), in the same ratio as that of the fatty acids naturally found in the oil. Taken daily, it supports the endocannabinoid system involved in the homeostasis of the adipose tissue.

Functional principle	Liquid	Caps
Olaliamid®	100 mg/ml	200 mg/caps
Vitamin E	3,7 mg/ml	7,4 mg/caps

Ingredients

OLEEA® LIQUID: COMPOSITION Dextrin, vegetable oil (olive) rich in acylethanolamides (9%). ADDITIVES Nutritional additives: Vitamin E (3400 mg/kg). Technological additives: potassium sorbate (905 mg/kg). Sensory additives: benzoic acid (678 mg/kg). ANALYTICAL CONSTITUENTS Crude protein 2.5%; crude fibre 25%; crude fat 9.6%; crude ash 0.2%; moisture 63%; oleoylethanolamide 5.4%; palmitoylethanolamide 0.9%; linoleoylethanolamide 1.3%.

OLEEA® CAPS: COMPOSITION Vegetable oil (sunflower), bovine gelatine, vegetable oil (olive) rich in acylethanolamides (19.8%), glycerine. ADDITIVES Nutritional additives: Vitamin E (7331mg/kg). ANALYTICAL CONSTITUENTS Crude protein 27.8%; crude fibre <2%; crude fat 60.5%; crude ash 0.6%; oleoylethanolamide 11.9%; palmitoylethanolamide 1.9%, linoleoylethanolamide 2.9%.
