DATA SHEET

Aurìa® Pro Solution

Last update: 09/05/2026

Professional solution for in-depth cleaning of the ear canal of dogs and cats. FOR PROFESSIONAL USE ONLY.

To dissolve earwax and professionally remove exudate. Ideal as a pre-treatment ear cleanser before the application of medicated drops. Aurìa® Pro Solution isn't a veterinary drug. It's a product for the ear hygiene of dogs and cats.

Species: **Dog • Cat**

Packaging and Prices

Aurìa® Pro Solution 200 ml bottle with soft dispenser 30,80 € cod. 2182

Use

Irrigate the outer ear canal with an adequate amount of solution and gently massage for a few moments. Rinse thoroughly with warm water or saline solution. Remove any excess residue and dry carefully with a gauze pad. Repeat the treatment as needed (maximum 2 times per week). After irrigation, apply Aurìa® Drops for a soothing, restructuring, and drying action.

Do not use in case of tympanic membrane lesion.

The product should be used by a veterinarian or by technical staff of the veterinary clinic.

Properties

The cerumenolytic and surfactant complex (dioctyl-sodium-sulfosuccinate and carbamide peroxide) releases oxygen and starts to foam upon contact with earwax/ exudate. The foaming helps break up and remove the earwax and debris. Adelmidrol - a congener of palmitoylethanolamide - exerts a soothing and anti-reddening action.

Functional principle

Dioctyl-Sodium-Sulfosuccinate

Carbamide peroxide

Adelmidrol

Ingredients

PROPYLENE GLYCOL, AQUA, UREA PEROXIDE, ADELMIIDROL(INN), DIETHYLHEXYL SODIUM SULFOSUCCINATE.

Precautions

Keep out of reach of children.

For animal use only.

External use only.

Suitable for sensitive skin. If any allergic reaction or skin irritation occurs, discontinue use.

Avoid contact with eyes.

Do not apply on open wounds. Do not use in case of known sensitivity to any ingredient.

Close tightly after use. Store at room temperature, away from direct sunlight.
